

Conference with spa

FEEL GOOD AT CAMP RIPAN

A successful meeting has long lasting effects. We at Camp Ripan wish to create the conditions for those effects. Here you and your colleagues will find an establishment where you are comfortable and able to be inspired by not only the countryside but also the people who stand ready to move an entire city. Camp Ripan is a family-owned business with year round activities. Being eco-friendly is something we take to heart and our operations are based on long-term sustainable environmental work. Our kitchen uses locally produced raw materials and organic products, in our food as well as for our conference cakes and sandwiches.
