

VÅRA VINER

De viner vi erbjuder är valda med omsorg för att passa vår meny. Våra viner kommer från vingårdar i Europa som arbetar långsiktigt hållbart. De flesta producenterna plockar sina druvor för hand, vissa av druvorna är till och med fottrampade. Alla våra viner är ekologiska eller biodynamiska och kommer från småskaliga producenter.

OUR WINES

The wines we offer are carefully selected to complement our menu. Our wines are produced by small scale European vineyards that strive for long-term sustainability. Most of the producers pick their grapes by hand, and some are even crushed by foot. All wines we offer are either organic or biodynamic.

HVONN

Njól

“Njól is Old Norse for darkness, and it was precisely our dark winter months that inspired us to create this drink. Herbs from the forest and fields are paired with dark berries, resulting in a rich character with soft tannins and a hint of spiciness.”

Haf

“We chose to name our sparkling drink after the Old Norse word for sea, as it was the sea that inspired us to create this beverage. With a refreshing and dry character featuring hints of elderflower, summer's green leaves, and minerality from the coastal strip, this drink is an excellent complement to seafood.”
