

VÅRA VINER

Våra viner är noggrant utvalda för att harmoniera med vår meny och ge dig en fantastisk smakupplevelse. Vi samarbetar med småskaliga vinproducenter runt om i Europa som arbetar hållbart och långsiktigt. De flesta druvor plockas för hand. Alla våra viner är ekologiska eller biodynamiska, framställda med stor omsorg och respekt för naturen.

Vi hjälper dig gärna att välja rätt vin, men observera att öppnade flaskor endast kan ersättas vid defekt.

OUR WINES

Our wines are carefully selected to complement our menu and provide you with a fantastic taste experience. We work with small-scale wine producers across Europe who focus on sustainable and long-term practices.

Most of the grapes are hand-picked. All of our wines are organic or biodynamic, produced with great care and respect for nature.

We are happy to assist you in choosing the perfect wine, but please note that opened bottles can only be replaced if they are defective.
