# AURORA SPA

## HOW WE WORK AT CAMP RIPAN

The Nordic Swan Ecolabel is one of the strictest environmental certifications in the world, and Camp Ripan has proudly been Swan-labeled since 2015.

Through eco-friendly products, sustainable routines and continuous environmental work, we strive to offer a stay that is both comfortable and sustainable.

Our spa entrance includes locally inspired scrubs, salts and body oil, many made in-house as part of our spa ritual, Stävan.
